h --- HM --- Fadenlauf ---

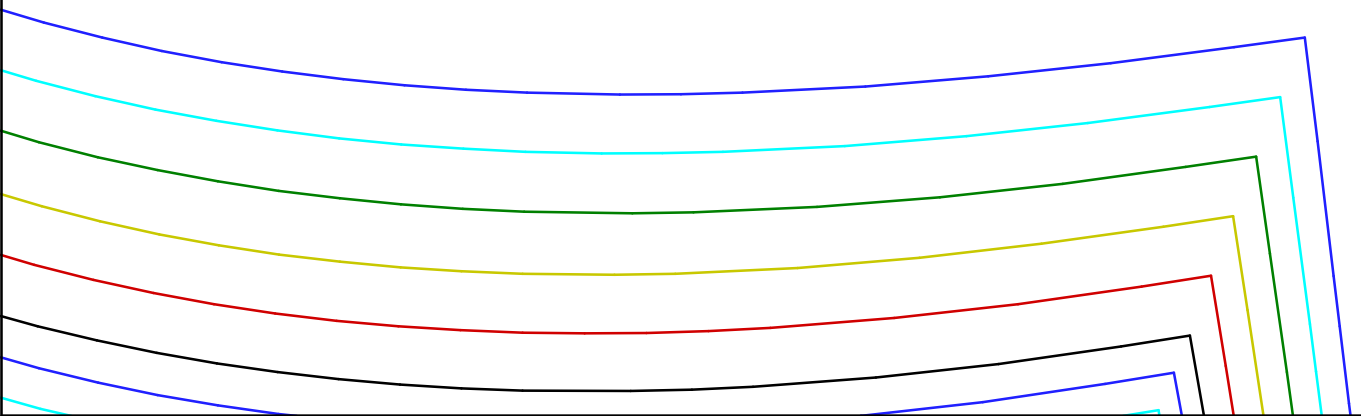

The diagram shows a curved fabric piece with a rainbow-colored thread path. The thread starts at a point labeled 'h' on the left, moves horizontally to the right, then curves upwards and to the right. The thread path is composed of multiple parallel lines in a rainbow spectrum (red, orange, yellow, green, cyan, blue, purple). The thread ends at a point labeled 'HM' on the right. The drawing is a technical illustration of a curved fabric piece, likely a ruckenteil (gathered part) of a garment. The thread path is shown in a rainbow color to illustrate the sequence of stitches or the path of the thread. The drawing is oriented vertically on the page.
